Css 画一个三角形
代码实现

· 利用border

/** 正三角 */
.triangle {
    width: 0;
    height: 0 25px 40px 25px;
    border-width: 0 25px 40px 25px;
    border-color: transparent transparent rgb(245, 129, 127) transparent;
}

/** 倒三角 */
.triangle {
    width: 0;
    height: 0;
    border-style: solid;
    border-style: solid;
    border-width: 40px 25px 0 25px;
    border-width: 40px 25px 0 25px;
    border-color: rgb(245, 129, 127) transparent transparent;
}
```
